

Become a LOCAL HOSPITAL HERO

CABOOLTURE HOSPITAL

Can your business help your local hospital to improve the care of your community?

Every day, doctors, nurses and frontline medical staff at **Caboolture Hospital** roll up their sleeves to provide the highest possible level of care to meet and exceed the needs of our community.

Perhaps you, your family, your staff or your customers have been helped by Caboolture Hospital?

Becoming a **Local Hospital Hero** is an amazing, tangible way for you to support your local hospital and community, build team pride, and to leverage cost effective advertising opportunities.

You can show your support to Caboolture Hospital and become a Local Hospital Hero for a tax-deductible contribution of **\$500 (+GST)**.

Local Hospital Hero Benefits

- One week **digital advertising** on multiple TV screens within Caboolture Hospital
- In store '**Local Hospital Hero**' signage (window decal or A4 card) to promote your support of Caboolture Hospital
- Use of 'Proudly Supporting' logo for 12 months for both print and digital use
- **Business recognition** on the Local Hospital Hero's directory page on The Common Good website
- A dedicated **business profile post** on The Common Good AU Facebook, Instagram and LinkedIn social media channels
- An invitation to The Common Good's exclusive **networking breakfast**
- The first five businesses who become a Local Hospital Hero will also receive a **free catering box** from our social enterprise café valued at \$50.

Do good – join The Common Good.

Support your local community by becoming a Local Hospital Hero today.

Why become a LOCAL HOSPITAL HERO?

Your local hospital needs the support of local businesses to thrive. Whilst Caboolture Hospital is a public hospital, there are many projects and services that don't receive government funding. Becoming a Local Hospital Hero helps fill these gaps – the gaps that provide that extra level of care, support and comfort for the local community who rely on this hospital.

The Common Good are supporting patient care and hospital innovation at Caboolture Hospital with projects including:

A redevelopment of the entertainment space for the children's ward

Distraction therapy technology for children undergoing treatment

Art therapy for breast cancer patients

The introduction of therapy dogs to provide calming support to patients

Who we are?

The Common Good is an initiative of The Prince Charles Hospital Foundation.

When you become a Local Hospital Hero, you can be proud knowing that your support is helping fund patient care, expanded programs and equipment at Caboolture Hospital – your staff, customers and community will thank you!
